

REMARKS/ARGUMENTS

Applicants have canceled, without prejudice, claims 1-14. Applicants have added new claims 15-26 to cover the full scope of the invention as originally conceived. Support for the new "propellant-free inhalable solution" claims (15-23) and method of treatment claims (24-26) may be found throughout the specification as filed, for example, on pp. 3, 9-10, and 21-24.

Entry of the new claims and early and favorable action on the merits is earnestly solicited.

Respectfully submitted,

Michael P. Morris
